

# System 30

**Fully framed 30 mm thick  
composite board cubicles**

## Variety in form and colour

Our cubicle systems range among the leading ones in the world. More than 200.000 cubicles of this series have been installed until to date all around the globe. Our standard includes first-class powder-coating, stainless steel hinges and handle sets of 23 mm meeting the highest standard. You can choose the standing, suspended or full-height version or the one without clearance.

**Standard version with support legs**

**Suspended version**

Your favorite is certainly among them: 30 mm chipboard faced with textured melamine resin (Type RW) or 28 mm chipboards with 1 mm textured HPL-laminate (Type VB) .

You have the choice of 12 different panel colours and 7 colours for the nylon and aluminium parts.

## Height

2015 mm with 150 mm ground clearance,  
headroom 1995 mm  
2155 mm with 150 mm ground clearance,  
headroom 2135 mm

## Front Walls

**Type 30 RW:** 30 mm chipboard faced with textured melamine resin on both sides.

**Type 30 VB:** 30 mm chipboard faced with approx. 1 mm laminated melamine resin on both sides.

**Type 30 NR:** 24 mm PU-recycling-sheets with 3 mm textured melamine resin.

All visible edges have PP-edging strip (3mm thick). An aluminium top profile, 43 mm x 20 mm, covers the entire length of the front wall to give additional stability. Wall connection with aluminium u-profiles, 33 mm x 30 mm walls. Pilaster panels up to 90 mm width without support leg, from 90 mm width with support leg.

## Doors

Same material as front walls. All edges with PP-edging strip (3mm thick). All corners and edges radius 3mm. Aluminium doorstop with rubber cushion on the lock side for silent closing.

## Partitions, Dividers & End Panels

Same material as front walls. All visible edges on top and bottom with PP-edging strip (3 mm thick). Wall and front connection with aluminium u-profiles, 33 mm x 30 mm. Widths up to 1800 mm are supplied in one piece.

## Privacy/Urinal Screens wall mounted

**400 x 900 mm**

**Wall connection with four powder coated support angles. Front corners with 100 mm radius.**

**30 mm version: 30 mm chipboard faced with textured melamine resin on both sides. All visible edges with PP-edging strip (3 mm thick).**

**Glass version: consists of 2 pieces of glass with a matt foil glued in between.**

## Privacy/Urinal Screens floor mounted

**500 x 1850 mm**

**Wall connection with four powder coated support angles. Bottom edge of the screen is fixed with a support leg.**

**30 mm version: 30 mm chipboard faced with textured melamine resin on both sides. All visible edges with PP-edging strip (3 mm thick).**

## Support Legs

Powder coated aluminium tubes, 20mm diameter, with height adjustable nylon rosettes, concealed fixing. The support legs are inserted 50 mm into the panels.

## Hardware

2 three-roll-hinges made of stainless steel, either polished finish or powder coated in 7 RAL colours. Nylon lever handle set (23 mm dia). Inside the cubicle rosette with olive button, outside red/white indicator with emergency opening. Mortice lock with latch and bolt, round end 20 mm lock face plate recessed into door .

## Accessories

Each cubicle has 1 nylon coat hook and a door buffer. Concealed fittings.

## Colours Panels

12 colours are available without surcharge.

## Colours Profiles and Nylon Parts

Available without surcharge in anodized aluminium or the following standard colours:
